

### Rehau fully sculptured system

Up to now Rehau have only been able to offer a limited ogee sash option to their existing chamfered suite but Climatec Windows are pleased to announce the launch of the all new Rehau fully sculptured system. It will be provisionally named the "Contour" suite, which will include Casement Windows, Tilt & Turn Windows, Residential Doors & Double Doors & will run alongside the existing chamfered "Classic" suite. It is available immediately in white finish, with all foiled variants due to follow in late October.

Climatec Windows were selected by Rehau to run trials on the new suite so all tooling & machinery are already in place & ready to go. The quality & finish of this exciting new window & door system is equal to the chamfered system that you have enjoyed from Climatec over the years.

If you would like more information on this new product or would like a sample please contact our sales office on 01702 613733.
