Dear

Product News – New Roto BKV Low Threshold

We are pleased to introduce a new low door threshold into our range, this product will be referred to as the "Roto BKV" Low Threshold.

An important feature of this new low threshold is that it can be used on French Doors without compromising the locking arrangement of the top and bottom shootbolts.

Further details and prices are as shown on the enclosed information sheet.

For further information, please call our Sales Office.

Kind regards,

Yours sincerely

A handwritten signature in black ink, appearing to read 'S. Barker', with a stylized flourish at the end.
