

## Product News - NEW Window & Door Furniture

### UPDATED PRODUCT

At Climatec, we are always looking at ways to offer the best quality and the best value for money for our customers. This is why we have changed much of our hardware to the Sigma/Alpha range.

As well as being functionally innovative and robust, this furniture is suited throughout the range, ensuring a perfect colour match across our windows and doors. This Sigma/Alpha colour suited furniture is available in core finishes of Polished Chrome, PVD Polished Gold, White and Black, with additional colours available on some items. An exciting new finish, Smokey Chrome, will be added soon.

By fitting this new furniture and hardware to our range of windows and doors, we provide our customers with top quality, attractive products that lead the field in product innovation.
